

The Homestead Bill. We give below this bill, as it passed the House of Representatives on Wednesday. Two of the prominent features of the bill are these: that it excludes from its benefits persons already in the possession of land, or who may sell land with the intention to obtain a free grant; and that the land acquired under its regulations shall not be held liable for debts contracted prior to the issuance of the patent. The following is the bill as enacted: Sec. 1. That any person who is the head of a family and a citizen of the United States, or any person who is the head of a family, and has become a citizen prior to the first day of January, eighteen hundred and fifty-two, as required by the naturalization laws of the United States, shall, from and after the passage of this act, be entitled to enter, free of cost, one quarter-section of vacant and unappropriated land, or a quantity equal thereto, to be located in a body in conformity with the legal subdivisions of the public lands, and after the same shall have been surveyed.

Sec. 2. And be it further enacted, That the person applying for the benefit of this act shall, upon application to the Register of the Land Office, in which he or she is about to make such entry, make affidavit before the register, or before the head of the land office, that he or she is not the owner of any estate in land at the time such application, and has not disposed of any estate in land to obtain the benefits of this act; and upon making the affidavit, as above required, and filing the affidavit with the register, he or she shall thereupon be permitted to enter the quantity of land already specified: Provided, however, That no certificate shall be given or patent issued therefor until the expiration of five years from the date of such entry; and if, at the expiration of such time, the person making such entry, or if he be dead, his widow, or, in case of her death, his heirs or devisee; or, in case of a widow making such entry, her heirs or devisee, in case of her death, shall prove by two credible witnesses that he, she, or they have continued to reside upon and cultivate the land, and still reside upon the same, and that the land is not alienated the same, or any part thereof, then in such case, he, she, or they shall be entitled to a patent, as in other cases provided for by law: And provided, further, That in case of the death of both father and mother, leaving an infant child or children under fourteen years of age, the right and the fee shall inure to the benefit of said infant child or children; and the executor, administrator, guardian, or any other person within two years after the death of the surviving parent said land for the benefit of such infants, but for no other purpose; and the purchaser shall acquire the absolute title by the purchase, and be entitled to a patent from the United States.

Sec. 3. And be it further enacted, That the register of the land office shall note all such applications on the books of the land office, and keep a record of the same, and make return thereof to the General Land Office, together with the proof upon which they have been founded.

Sec. 4. And be it further enacted, That all land acquired under the provisions of this act shall in no event become liable to the satisfaction of any debt or debts contracted prior to the issuing of the patent therefor.

Sec. 5. And be it further enacted, That if at any time after filing the affidavit as required in the second section of this act, and before the expiration of the five years aforesaid, it shall be proven by two or more respectable witnesses, upon oath, to the satisfaction of the register of the land office, that the person having filed such affidavit shall have actually changed his or her residence, or abandoned the said entry for more than six months after the expiration of the time when the said land entered shall revert back to the Government, and be disposed of as other public lands are now by law.

Sec. 6. And be it further enacted, That if any individual, now a resident of any one of the States or Territories, and not a citizen of the United States, but at the time of making such application for the benefit of this act, a declaration of intention to become a citizen, and who has been naturalized by the United States, and shall become a citizen of the same before the issuance of the patent, as made and provided for in this act, shall be placed upon an equal footing with the native-born citizens of the U. S.

Sec. 7. And be it further enacted, That no individual shall be permitted to make more than one entry under the provisions of this act, and that the person who has made an entry under the provisions of this act, shall be required to prepare and issue such rules and regulations consistent with this act, as shall be necessary and proper to carry its provisions into effect; and that the registers and receivers of the several land offices shall be entitled to receive the same compensation for any lands patented under the provisions of this act, as they are now entitled to receive when the same quantity of land is entered with money, to be paid by the party to whom the patent shall be issued: Provided, however, That all persons entering land under the provisions of this act, shall, as near as may be practicable, in making such entries, be confined to each alternate quarter-section, and no land subject to private entry shall be so construed as to impair or interfere in any manner whatever with existing pre-emption rights.

Important from Mexico. Conspiracy Discovered.—Troops Ordered out by Government, &c. &c.

NEW ORLEANS, May 14.—By the arrival of a day of the brig American and Tehantepec from Vera Cruz, we have received the following intelligence: The brig American, which was on her way to Vera Cruz, was captured by a party of the Mexican army, and the crew were taken to the city of Vera Cruz, where they were held in confinement. The brig Tehantepec, which was on her way to Vera Cruz, was also captured by a party of the Mexican army, and the crew were taken to the city of Vera Cruz, where they were held in confinement.

Several arrests had already taken place, and the citizens generally were purchasing arms with troops to defend themselves.

The government had ordered that a body of troops be immediately dispatched to the mouth of the Calca Caleno.

Telegraphic communication from Vera Cruz to Orizaba has commenced, and despatches are now daily transmitted between the two points.

A conductor had left the City of Mexico on the 24th, for Vera Cruz, with one million four hundred thousand dollars in specie.

FIRE IN MACON.—A private dispatch to the Savannah Republican, from Macon, states that a fire occurred there on Saturday morning, which destroyed property to the amount of \$35,000.

The fire broke out in the city of Macon, and was caused by a fire in a warehouse, which was occupied by Messrs. Alderhold, Carver, and various other persons, mostly engaged in the grocery and dry goods business. The fire extended from the building occupied by the Agency of the State Bank, on Third-street, to the brick tenement occupied by C. A. Wise, on Cherry st., both of which buildings were saved, but not without considerable damage.
